QUEER TARIFF CLAUSE.

Duty on Copra and Cocoanuts, but Manufactured Oil Admitted Free.

SAN FRANCISCO, Sept. 18 .- Several vessels have arrived or are due from Tahiti with cargees of copra and cocoanuts contracted for before the new duties went into effect. One of them will have to pay \$7,200 duty on in-bound nuts. Nearly six months ago the new oil works at Berkeley, scenting profit afar and giving little heed to the shadow of Democratic coming events, sent a special agent to Samoa, Tahiti and other places, with instructions to buy up or connamed thereafter by the purchasers. This

named thereafter by the purchasers. This concern is now in a position to be obliged to pay the United States something like \$70,000 in duty it did not figure on. Mr. Wilson, in a remote corner of his bill, has provided for an assessment of 30 per cent. advalorem on copra and 60 per cent. on cocoanuts, a clause which the importers did not anticipate.

"Cocoanut oil," explained a dealer, "is nearly all made in Germany, and the new tariff measure admits this oil free of duty while an enormously increased tax is put on the raw material. About one million pounds of copra finds its way to America every three months from one group of islands alone, and this raw material is made into oil and shipped into this country free. Nobody suspected for one moment that Wilson and his cohorts would bother about changing the old tariff law, because under it the oil was taxed and the raw material entered ing the old tariff law, because under it the oil was taxed and the raw material entered under a small duty. Protection against the manufactured article is what we wanted. Without it our island trade is bound to die out. I believe that a cocoa firm in San Francisco stands to lose \$20,000 on copra contracted for before the raise in the tariff. This company will probably turn around and ship to Europe, thus depriving this country of the trade."

VICTORIA, B. C., Sept. 18 .- Capt. Laughschooner Favorite will proceed against the United States in the courts for decages arising from an illegal seizure of the vessel by Commander Clarke, of the wir ship Mohican, and the lawyers here say it is a curious looking weapon in his hand. It had once been a No. 10 shotgun, but the barrel had been sawed off fifteen inches from the trigger, a revolver stock substituted for the old stock, and it was generally old and "That," said the sealer, holding it up, "was what we were seized for. it is the firearms they said I carried to sea. I told Commander Clarke I would give \$1000 for every seal I could kill with it, but it made no difference. GAVE MONEY TO KELLYITES.

Impeachment Proceedings Against Mayor Bemis Begun at Omaha.

OMAHA, Neb., Sept. 18 .- The impeachment proceedings against Mayor Bemis was a drawing card in the courts to-day, and the room where Judges Hopewell, Ferguson and Walton sat were crowded with lawyers and spectators. During the long session nothing was done in the way of introducing testimony, the entire time being consumed in arguing the one proposition of the two councilmen to strike out porthat they were irrelevant, scandalous and immaterial. Attorneys for those preferring the charges laid great stress upon the fact that the Mayor had ordered the expendi-ture of \$132 to aid in providing the Kelly industrial army with provisions to keep the men from starving. This, they maintained, was a misappropriation, as the provisions were sent to Iowa instead of being eaten in Nebraska. In reply to this Judge Ma-comber, for the Mayor, urged that the men in the army of the commonweal were all citizens of the United States, notwithstanding that they were in unfortunate circumstances, and were chasing a forlorn hope on the journey to Washington. In appropriating the \$132 the Mayor was prompted by the interests of humanity. The Mayor's petition was sustained. Councilmen Hascall and Wheeler gave testimony in the afternoon tending to show misappropriation of funds for the commonwealers.

FIGHT WITH GAMBLERS.

Chicago Detectives Attacked While Raiding Harry Varnell's Place.

CHICAGO, Sept. 18 .- There was a fight between Pinkerton men and the attaches of Harry Varnell's gambling house, at Madison and Clark streets, this afternoon, during a raid on the place. Varnell's, which is one of the largest gambling houses in the city, was well filled when a score of detectives, headed by 'Mat' Pinkerton, entered the place. The occupants of the house armed themselves with chairs and other weapons and charged the intruders. Drawing their clubs, the officers resisted the attack, and for fifteen minutes the air was full of chairs, clubs and profanity. Many of the combatants were knocked down and badly pounded, but none was dangerously hurt. An immense crowd of people gathered. The detectives finally conquered and made numerous arrests. Varnell retallated by causing "Mat" Pinkerton's arrest. Var-nell is ex-warden of the county poor house, and has served a term in the penitentiary for "boodling."

Bishop Turner Says the Rights of Colored Men Are Respected in Liberia.

KANSAS CITY, Sept. 18 .- The Rev. H. M. Turner, of Atlanta, Ga., bishop of the African M. E. Church for Africa, the West Indies and Canada, and one of the bestknown negro ministers in the United States, is in Kansas City. He lectured last night at the African M. E. Church on the emi-gration to Africa of African negroes. He told his people that in America a negro may be a citizen of a State, but he is not a citizen of the United States. As long as he stays with the white man and bears oppression he must be at the best a menial, but if the negro possesses the ability which he believes he does, he should found a nation of his own and have his own institutions. Liberta is a small country and by no means strong, he said, but it has a government of its own that is recognized, and a Liberian negro has rights there which are respected.

The convention met at 12 o'clock noon Hon. Lemuel Ely Quigg, of New York, was temporary chairman. He made a speech that put the delegates in good humor. After the appointment of committees a recess was taken till 4:30. When the convention reassembled Hon. Warner Miller was made permanent chairman. The report of the credentials committee, seating the Barnes delegation from Albany and deciding against the Milholland delegates from New York, was read and adopted. Congressman Serano E. FASSETT CHEERS; MORTON VOTES When the platform had been adopted Gen. B. F. Tracy, in an extended speech placed in nomination ex-Vice President Morton for Governor. He closed by saying: "Fellow-delegates of the conventiona grave responsibility rests upon the Republican party of New York. It is our duty to place in nomination to-day a man who is not only able to carry the State, but one who will win a victory of such magnificent proportions as to satisfy the people of the Nation and the people of the commercial world. Governor Flower Not a Candidate for Renomination. ALBANY, N. Y., Sept. 18.-Governor Flower to-day declined to be a candidate for renomination for Governor. He made known this determination at noon, after a long interview with Senators Hill and Murphy. Both came to the executive chamber shortly before 10 o'clock. At the con-

clusion of the interview Governor Flower said to a reporter: "I am convinced that me by the convention, would not be so likely to command the full vote of the party as would be the nomination of some other Democrat, and I am too desirous of party success to be a candidate under these

party success to be a candidate under these circumstances."

At the conclusion of the conference this morning Senator Murphy declined to be interviewed. He said, however, that the declination of the Governor to be a candidate had been wholly voluntary and that no influence had been brought to bear on him.

When Senator Hill was approached he was siledt, and, with one of his characteristic smiles, said he did not know anything. When Senator Hill left the executive chamber he went direct to the residence of Hon. John Boyd Thacher. This is said to have a great deal of significance, as Mr. Thacher has been mentioned as a candidate for Governor.

Governor Flower later said: "This is an important year for the party. Republican victory in November would be likely to mean a perpetuation of Republican control for many years in this State and Republican success in the national election of 1896. Our ticket must have the earnest, aggressive support of every Democrat to insure Democratic victory, and that man should be nominated for Governor who can certainly command that support. As for myself, I need not assure the Democrats of New York that I will be found, as I have been in the past, battling in the ranks for the success of the ticket which my party shall nominate."

ANTI-BRICE MEN BEATEN.

Committee on Resolutions Captured by the Senator. COLUMBUS, O., Sept. 18. - The Democratic State convention assembles in this city to-morrow at 10 a. m. This evening at o'clock the delegations from the various districts met and selected members to act on the several committees. The chief feature of the day was the arrival of Senator Brice, against whom an effort has been made by some of the delegations to work up a sentiment on account of his attitude in the late tariff fight in Congress. The Senator had trusted lieutenants on the ground to look after his interests, as appears by the make-up of the various com-mittees. The anti-Brice men claim four out of the twenty-one members of the committee on resolutions, the principal one of whom is Tom Johnson, of Cleveland. The Brice men claim all but two members. The committee is also regarded as strongly in favor of free silver, the most prominent advocate of this issue being Allen W.

The is reported that Viceroy Li Hung Chang has official count of the various county combeen deposed. mittees shows a plurality for Owens of 270 over Breckinridge. While Breckinridge seems determined to have a contest before the district committee at Frankfort next Saturday, there is no doubt that the committee will refuse to throw the nomination to Breckinridge, as such action would in the opinion of conservative Democrats, disrupt the Democratic party in this district. Several strong Brackinridge men were interviewed to-day, and all express themselves as opposed to any contest. They say that Breckinridge is undoubtediy defeated, and believe that it would be bad policy to stand against the will of the people. A number of bets against Owens were paid to-day. The wide interest in the election was shown to-day by a talegram election was shown to-day by a telegram from Lakota, N. D., asking: "Can Breck-inridge win?" The answer was sent: "He cannot win; Pauline, he cannot win!" Col.

Breckinridge was on the streets of Lexing-ton a great deal to-day, and greeted every-body with his customary politeness. He stands by his manifesto, issued last night, but says that he has nothing to add to it.

The official count of Fayette county was completed at noon to-day, giving Breckinridge 205 plurality over Owens. There was no contest or protest of any kind. The Breckinridge and Owens men were equally divided on the county committee, and the only Settle man on the committee had the balance of power. Before the committee met to-day Evan Settle telegraphed his congratulations to W. C. Owens, and Settle's friend on the committee umpired the count. The Owens men are openly charging that Breckinridge's manifesto or declar ation of contest was not issued late last night till pressure had been brought to bear on district committeemen who were opposed to going behind the returns from the respective counties. The Owens men claim that the frauds were against them, instead of in their favor, and that money is being used to get the district committee to reverse the returns of the county com-mittees. Senator Jones Will Not Resign. SAN FRANCISCO, Sept. 18 .- C. C. Powning, of Reno, Nev., is in the city, and an interview to-night stated that Senator John P. Jones had indicated his future course to his friends. He says that Jones has not joined the Populist party, but has gone over to the silver party of Nevada. In the meantime Jones will disregard the demands of the Republican committee that he resign at once because that would give the Governor an opportunity to appoint a Republican as Jones's successor. For that reason he will walt until the new Legislature meets, offering himself as a candidate to serve his own unexpired term. Powning predicts the success of the silver party ticket and says Jones's election will be an indorsement of his course. Jones's term will expire in two years, and there wil probably be no serious opposition to his candidacy.
